Did You Know?

- That tarantula spiders can live for up to twenty years. Scary... oh, and hairy too!
- That boring old Coronation Street on tv first began in 1960—way before you were even born!
- That ice skating is one of the oldest sports in the world. People used to use the bones of animals tied to their feet for skates.
- That about 60% of the human body is made of water. Hmmm, interesting...!
